

Model : SYNC-X9-JB6W

Model : SYNC-X9-JB8W

Product Specification :

Model	SYNC-X9-JB6W	SYNC-X9-JB8W
Brand	Synctronix	
Cable Port	6 Ways	8 Ways
Material	Rugged Industrial Stainless-Steel Box	
Sealed Joints	Plastic Material Joints	
Application	Weighing Scales	
Protection Class	IP67	
Max. Permissible Voltage	18V	
Operating Temperature Range	-10°C ~ 50°C / -14°C ~ 122°C / °F	
Storage Temperature Range	-10°C ~ 50°C / -4°C ~ 140°C / °F	
Cable Connection	Diameter 5 ~ 7mm	

Product Features :

- Take the input from multiple load cells and sum them in parallel to form a single output equal to the sum of the force on the load cells.
- Designed for heavy industrial environments
- IP67 stainless-steel housing with waterproof protection
- Conner adjustment facility with high long term stable components
- Can be connected with a shielded 6-wire / 8-wire cable to the instrumentation
- Applicable in :
 - ✓ Weighing machinery
 - ✓ Process weighing
 - ✓ Weighing scales (Multi load cell scales) like truck scales, tank and silo weighing systems, test & measurement and process automation and control sectors which commonly used in multi-load cell weighing applications
